AZ Medicaid FMAP is High: 69%

Federal Medical Assistance Percentage (FMAP) Economic Multiplier:

For every $1.00 state dollar AZ puts into its Medicaid program, federal match is $2.32

The AZ Health Sector Corollary:

For every $1.00 dollar Arizona cuts from Medicaid-AHCCCS, the health sector loses $3.32, and it has to absorb the uncompensated care costs

“...I believe we could do better working together, Republicans and Democrats, and have not yet really tried.” Sen. McCain

Proposal to repeal Soc. Sec. Act provisions, replacing with:

Though I have to say goodbye
Remember me
Arizona required by SB 1092 (2015) to ask CMS each year for Medicaid 1115 waiver approval to:

1) Require able-bodied adults to become employed, actively seek employment, attend school, or receive job training

2) Limit lifetime coverage to 5 years for all able-bodied adults
