

Fast Facts: Arizona Rural Recruitment and Retention Network

The primary goal of the **Arizona Rural Recruitment and Retention Network (Az3RNET)** initiative is to match healthcare professionals looking for job opportunities

with open positions in rural Arizona. AzCRH oversees the Arizona's 3RNET program in partnership with the Arizona Department of Health Services, Health Systems Development, and the Arizona Alliance for Community Health Centers.

Az3RNET SERVICES

Az3RNET services are coordinated with the National Rural Recruitment & Retention Network at www.3rnet.org. Community health centers, hospitals, private practices, and community-based organizations can post job vacancies that can be easily accessed by candidates seeking employment. This free service provides national exposure for recruitment efforts.

Posting jobs on Arizona's 3RNET site:

1. Application and Approval

Complete an employer registration form at www.3rnet.org/employer-registration. The Az3RNET program reviews employer registration applications and approves them based on state criteria. Approval is by email, and jobs are posted immediately.

2. Post Jobs

Why 3RNET? Gain access to over 46,000 actively registered candidates who have chosen to sign up with 3RNET. Hundreds of new candidates are registered each month.

3. Get Resources & Results

Connect with [3RNET members](#) to learn more about recruitment and retention resources.

Learn more about rural recruitment, retention and 3RNET at [Recruiting for Retention Academy](#), 3RNET's [Annual Conference](#), and the [3RNET's Employer's Guide to Workforce Programs](#): Health Professional Shortage Areas

J-1 Visa Waiver or loan repayment questions? Learn more about Arizona's J-1 Visa Waiver and Arizona State Loan Repayment Programs on [Arizona's 3RNET site](#).
