UArizona Land Acknowledgement Statement

We respectfully acknowledge the University of Arizona is on the land and territories of Indigenous peoples. Today, Arizona is home to 22 federally recognized tribes, with Tucson being home to the O’odham and the Yaqui. Committed to diversity and inclusion, the University strives to build sustainable relationships with sovereign Native Nations and Indigenous communities through education offerings, partnerships, and community service.

For more information about Native lands which UArizona resides on, see https://nasa.arizona.edu/
We collectively acknowledge and recognize the historical labor from which our country was built. This includes the labor of enslaved people, immigrant and indigenous labor, voluntary or involuntary. We recognize that our country was built by, is defined by, and continuously supported by communities who have been disenfranchised and oppressed. We are indebted to their labor and sacrifice. We recognize our responsibility for addressing oppressive systems in our work and pledge to redress those histories.

We acknowledge that many individuals, scholars, activists, and others are engaged in efforts to improve equity and social justice. This labor statement was inspired by the work of scholars, activists, and others. Our statement was adapted from the work of:

- Dr. Kelly Palmer, Assistant Professor, Mel & Enid Zuckerman College of Public Health, The University of Arizona
- California State University Long Beach’s Labor Acknowledgement by Dr. Betsy Eudey
- Labor Acknowledgement in Advance of Black History Month by Whitney McGuire, Lawyer and Co-founder of Sustainable Brooklyn
- Fitchburg State University Land and Labor Acknowledgement
- The Unpaid Labor Project
- The University of Chicago Land and Labor Acknowledgement written by Symphony Fletcher
- Divers: Issues in Higher Education Newsletter on Labor Acknowledgement and Honoring Sacrifice of Black Americans written by Terah Stewart

The UA Center for Rural Health core mission is to improve the health and wellness of Arizona’s rural and underserved populations.

The rural health office serves rural Arizona by providing education, technical assistance, data and analysis to rural hospitals and providers to help them adapt to a rapidly changing rural health environment and address rural health needs.
Arizona Alliance for Community Health Centers

**Mission:** To promote and facilitate the development and delivery of affordable and accessible community-oriented, high quality, culturally effective primary healthcare.

**Vision:** That all Arizona residents can be empowered to improve their own health with access to healthcare, education, and enabling services.
Who we are:

- The health navigator project started in November 2021 and one of the key components is to reach the community through partnerships.
- The project is a small two person navigator team that works in alliance with UA Center for Rural Health and AACHC.
- Team members are certified healthcare navigators that aim to assist current or possible consumers with applications in the Healthcare Marketplace or Medicaid/AHCCCS/Kidscare.
What services do we provide:

- Help consumers apply/enroll in health insurance coverage (English/Spanish)
- Answer any questions regarding healthcare insurance and how it works
- Help consumers check for their eligibility with Marketplace and/or Medicaid/AHCCCS
- Aim to educate the community about health insurance, health insurance literacy, and the importance of having health insurance
Target Populations

Our target populations are rural and underserved communities across Arizona including tribal nations, but we try to help any person in need of assistance.

We work remotely and we are willing to travel to rural communities in need. We carry mobile hotspots/printer/scanner/projector as some of the main tools that are needed to complete our work.
Marketplace & AHCCCS (Medicaid) Enrollment Eligibility

- Marketplace is currently in a Special Enrollment Period (SEP), it started on January 17, 2024 and goes through October 31, 2024. Depending on your Special Enrollment Period type, you may have 60 days before or 60 days following the SEP event to enroll in a plan.
- Marketplace Open Enrollment period will begin on November 1st, 2024 and ends on January 15, 2025
- AHCCCS (Medicaid) applications are open all year round.
AHCCCS Income Eligibility

- U.S. Citizens or
- Legal Permanent Resident
  - 5 yr. Residency
  - Green Card Holder
- Arizona Resident
- Other qualified immigrant
  - Refugees
- Cannot be incarcerated
- Must meet income limits

KidsCare Eligibility for 2024

The applicant may qualify for this program if the applicant:

- Is an Arizona resident
- Is under age 19
- Is a United States citizen or a qualified immigrant
- Has a Social Security number or applies for one
- Is under the income limit
- Is not currently covered by other health insurance
- Does not qualify for coverage through a state agency employee
- Is not eligible to receive AHCCCS (Medicaid) coverage
- Is a member of a household that is willing to pay a premium
Visit / Visite hoy: Medicaid.gov/renewals
Health Insurance Marketplace

Special Enrollment Period: Eligibility

- Got married
- Had a baby
- Change in legal status
- Loss of health insurance
- Changes in residence
- 150% FPL and below
Other Special Circumstances for Special Enrollment

- Complex cases; enrollment errors, misrepresentation, Medicaid-Marketplace transfer, survivor of domestic violence, exceptional circumstances, unresolved casework, other cases may apply
- Gaining status as a member of an Indian tribe or an Alaska Native
- Having a change of income or household size
- Leaving incarceration
- New SEP for low-income people? People who are eligible for an advance premium tax credit (APTC) and have a projected income at or below 150% Federal Poverty Line (FPL) ($21,870 for a household of one and $45,000 for a family of four) are now eligible for a new SEP on the federal marketplace that allows them to enroll in a plan in any month during the year, without having to experience a qualifying life event.
Health Insurance Marketplace -
Eligibility Requirements for 2024

- Offers "one-stop shopping" that helps uninsured individuals compare private health insurance options and find health coverage for you and your family.
- Must live in the United States
- Must be a U.S. Citizen or national (or be lawfully present)
- Cannot be incarcerated
- Must be uninsured
- No income limit requirement or age requirement
- Monthly premiums are determined by family size and income
- Dental and Vision Coverage is not included, but can be purchased separately
Premium Tax Credits and How to Qualify

- Most people who enroll in health insurance through the marketplace are eligible for financial help. Premium tax credits lower up-front monthly premiums and cost-sharing reductions lower deductibles, copayments, and other costs when people use their insurance.

- Determining household size and accurately calculating income are key to determining whether someone is eligible for Medicaid or financial help in the marketplace.

- Certain circumstances, like having an offer of employer-sponsored insurance, might disqualify someone from financial help.

Dina
Marketplace Financial Assistance

1. Advanced Premium Tax Credits
   Lowers monthly premium

2. Cost Sharing Reduction
   Lowers out-of-pocket costs
   (deductible, co-pay, coinsurance)

Based on household size & income

Dina
The ACA marketplace is designed to help consumers who don’t have health insurance through their employer or through a government program like Medicaid or Medicare afford individual coverage. Thanks to the American Rescue Plan, the discount is even bigger, and available to more people at higher incomes. Millions of people now qualify for $0/month plans, and many with low cost-sharing, like low deductibles and co-pays. Last year, nearly 9 in 10 enrollees received a tax credit to lower their monthly premiums.

If your annual income falls above 100 percent of the federal poverty level (FPL), you could qualify for a tax credit. And, if your income is less than 250 percent FPL, you could qualify for additional discounts that lower your out of pocket costs, like your deductible and co-pays.

Dispelling Myths

Myth #1: Financial help to lower premiums and out-of-pocket costs is no longer available. **FALSE.** Financial assistance is still available for most consumers to help lower the cost of their plan. In fact, thanks to the American Rescue Plan, even more people are seeing even more savings. New, expanded subsidies means plans are more affordable than ever before.

Myth #2: I plan on finding a new job soon, so it’s not worth getting coverage now. **FALSE.** If you don’t have health coverage, you can sign up for a marketplace plan now to hold you over until your circumstances change. Marketplace plans are likely to be more affordable than COBRA, and offer much better coverage than short-term insurance plans. And, if you get a new job with new coverage, you can easily switch!

Myth #3: Enrolling in marketplace health coverage could negatively affect my immigration status. **FALSE.** While there has been a lot of fear and confusion concerning the Trump administration's changes to public charge, as of March 9, 2021, the Trump-era public charge regulations no longer exist or apply. New guidance makes it clear that the use of most public benefits programs, such as Medicaid, CHIP, and the health insurance marketplace, will not have an impact on an individual’s immigration status. Learn more about your rights here.

Dina
Get Peace of Mind: Comprehensive coverage & consumer protections haven’t changed.

Promoting comprehensive coverage can help distinguish ACA plans from plans sold outside the marketplace, such as short-term plans, that provide fewer benefits and are not required to include consumer protections.

- Plans offered at HealthCare.gov cover comprehensive benefits like preventive care, check-ups, mental health care, prescriptions, hospitalizations, and more
- When shopping for a plan on HealthCare.gov, you cannot be charged more based on your health history or status
- When enrolling in an ACA plan, you will never be asked about your medical history. The only factors that influence the price of your plan are your geography, age, and whether or not you are a smoker
- Accidents can happen anytime - get peace of mind knowing you’re covered if the unexpected happens. Enroll today at HealthCare.gov
MYTH
An apple a day keeps the doctor away.

FACT
Preventive medicine is covered by the ACA.
