The Pima County Immigrant Victims of Violence Task Force

Registration is now open for the online training:

“Serving Immigrant Victims of Sexual and Domestic Violence”

This training was developed by the *Pima County Immigrant Victims of Violence Task Force*, and sponsored by *the Mel and Enid Zuckerman College of Public Health*, the *Western Region Public Health Training Center* and the *Connie Hillman Family Foundation*. The training was created by task force members who are experienced immigration attorneys and victim advocates. It is intended as an overview of the unique context of immigrant victims of sexual and domestic violence who may be undocumented, their rights under the Violence Against Women Act (VAWA), and the recommended approaches to referral and coordinating services to ensure their access to key victim advocacy and legal services through coordinated community response. The training takes approximately 60 minutes.

This is a Blended Learning Series divided into three sections:

- Section 1: “Understanding the Unique Contexts for Immigrant Victims of Sexual and Domestic Violence”.
- Section 2: “Legal Remedies for Immigrant Victims under the Violence Against Women Act (VAWA)”.
- Section 3: “Two Women’s Stories”, which includes a decision simulation to assess the learner’s knowledge based on course content.

The training is available at **AZ.TRAIN.org**, a training site designed for the public health workforce.
