

Arizona Telemedicine Program Clinical Care Grand Rounds

May 20, 2013 • 12:00pm – 1:00pm
(Mountain Standard Time, Arizona)

Computerized Physician Order Entry (CPOE)

Learning Objectives

Upon completion of this program, attendees will be able to:

- List three common benefits to using CPOE and the level of evidence to support each.
- List three recommendations on successfully implementing COPE and the level of evidence for each.
- Describe the Meaningful Use criteria related to CPOE.

Peter Catinella, MD, MPH

Chief Medical Information Officer, The University of Arizona Health Network

Dr. Peter Catinella is the Chief Medical Information Officer for The University of Arizona Health Network in Tucson, Arizona. Dr. Catinella is Board Certified in Family Medicine. His career extends across locations in Florida, Indiana and Utah. He has published in the Journal of Rural Health on hospital volumes for rural training programs. He is currently engaged in a roll out of an electronic medical record system at UAHN involving CPOE for two academic medical centers and physician offices.

Clint Hinman, PharmD, MPH

Project Director, The University of Arizona Health Network

Clint Hinman is the Project Director for The University of Arizona Health Network's implementation of the Epic integrated electronic health delivery system. Clint's career began with eight years of dedication to the Indian Health Service (IHS) as a pharmacist on the Dine Nation (i.e., Navajo Reservation) in Chinle, Arizona. Most recently he served as the Director of Pharmacy at The University of Arizona Medical Center – South Campus for six years before transitioning to the Epic Project. During Clint's time within the IHS, he published work on service-learning in Native American Culture, Health, and Professional Practice.

How to Connect

- Via videoconferencing, contact your local Telemedicine Site Coordinator or IT personnel to make arrangements.
- Via the internet, go to UA Biomedical Communications a few minutes before the event at: <http://streaming.biocom.arizona.edu/home/>. Click on the event as the broadcast begins. If viewed live, you can still submit for category 1 CME credit by completing a short evaluation of the event.
- Questions can be submitted by email (speakers will put their emails on their final slide).

For information on connecting for this event, or how to obtain CME credit, please contact: Tracy Skinner, Arizona Telemedicine Program, Distance Education and Training Coordinator at: tskinner@telemedicine.arizona.edu
