

2024 Arizona Center for Rural Health Spring Webinar Series

A webinar series focused on providing technical assistance to rural stakeholders to disseminate research findings, policy updates, best-practices and other rural *health issues to statewide rural partners and stakeholders throughout the state.*

Thursday, January 25, 2024

12:00 - 1:00 pm MST

The Arizona CoVHORT: Study Design and Early Findings

Learning objectives:

- ▶ Describe the development and design of the AZ CoVHORT
- ▶ Describe the risk factors of Long CoVID
- ▶ Describe the current trends for developing Long CoVID

KRISTEN POGREBA-BROWN, PHD, MPH, is an Associate Professor of Epidemiology at the Zuckerman College of Public Health. Dr. Pogreba-Brown's research is focused on the acute and long-term epidemiology and microbiology of bacterial foodborne pathogens and outbreak investigation methodologies. Her research activities focused on the post-infectious sequelae of infectious diseases have aligned her to focus new studies on the incidence and risk factors of post-acute sequelae of SARS-CoV-2. Dr. Pogreba-Brown goals are to investigate the mechanisms of pathogenesis seen in these diseases/conditions to the broader public health and epidemiologic data.
