

# Interested in rural public health issues and economic development challenges in southwestern mining communities?

Please join us and register for the :

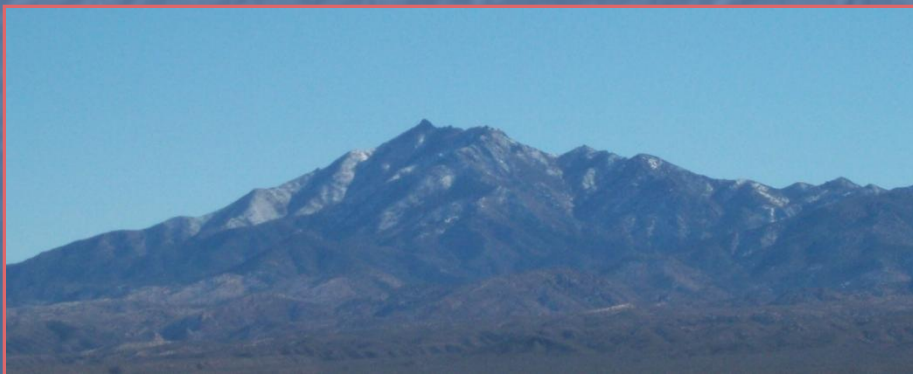

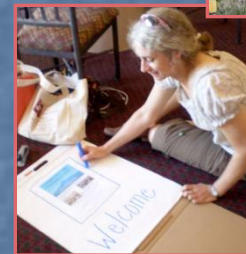

## **RURAL HEALTH SERVICE LEARNING COURSE**

May 15-20, 2011 (1 Credit, Summer Pre-Session)

### **During this one-week field-based course you will :**

- **Learn** about demographics, trends in economics and epidemiology, and health issues and assets in the Globe-Miami & San Carlos Apache region.
- **Assess** the impact of the mining industry on rural communities.
- **Interact** with diverse community partners involved in public health and health care organizations in the region.
- **Collaborate** with community partners to plan and implement service projects addressing community needs.

**Course Faculty:** *Lynda Bergsma PhD*  
*D. Jean McClelland MLS*  
*Jennifer Peters, BA*

### **Registration is limited to 15 students**

While MPH/DrPH/PhD students will be given priority, other graduate students may apply.

***Travel/Food /Lodging is covered for all students!***

***Students are responsible for one credit tuition only***
