

# END THE EPIDEMIC

## ARIZONA FIRST RESPONDERS INITIATIVE

The *Roadmap for First Response Encounters of Patients with Potential Substance Use Disorders (SUD) (Roadmap)* is meant to be used as a resource at the discretion of each first responder agency. Use of the Roadmap must be approved by an agency's medical director prior to implementation.

### Roadmap for First Response Encounters of Patients with Potential Substance Use Disorders (SUDs)

The Roadmap is a **free** ADHS-sponsored introduction to the Screening, Brief Intervention, and Referral to Treatment (SBIRT) approach. This pre-recorded, online presentation is designed to train First Responders to recognize signs of substance use disorders and provide resources for treatment.
