

EXHIBIT OPPORTUNITIES

Exhibiting at the conference is a great opportunity to increase your organization's visibility, promote your products and/or services, and network and exchange information. Past conferences have attracted close to 200 participants and between 20-30 exhibitors.

The conference engages a statewide audience of health care providers, academics, county and community health professionals, administrators, state and local leaders, and others. The conference allows for building and strengthening partnerships, discussing ideas and solutions, networking and disseminating information. Exhibitors play an important role demonstrating how their services or products can enhance an organization's viability.

There will be several opportunities for attendees to visit with you during the conference including a [Meet with Exhibitors Reception](#) on Tuesday evening. Attendees are encouraged to learn about your products and/or services and take information to share with their organization and community.

Non-profit and for-profit exhibit fees are available. As an exhibitor, your organization will:

- be recognized in the conference final program
- have access to a statewide audience
- be provided a 6 ft. table or floor space and two chairs
- be listed as an exhibitor on the conference website

Space is limited and available on a first come basis. In order to be listed on the final program, the completed form and payment must be received by Friday, July 7, 2017.
